

Community Engagement Workshop

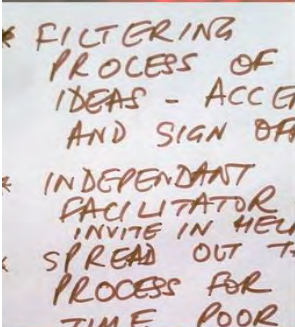

A **free** workshop for community organisations that focuses on how to connect with our communities to increase participation and explore how our organisations can build active citizenship

This workshop will help your organisation explore themes such as

- explaining your purpose;
- enhancing participation;
- understanding active citizenship and voluntarism; and
- what builds energy and capacity to keep people involved.

Howard Buckley will facilitate this workshop. Howard has many years of experience in working with community groups and workshop facilitation.
